LE JARDIN DE VERSACE

LE JARDIN DE VERSACE

Einen zauberhaften Garten aus sanften Pastellfarben und einer opulenten Vielfalt an Blüten, Beeren, Insekten und Ornamenten hat das Mailänder Atelier Versace als verspieltes Sinnbild einer sommerlichen Symphonie gestaltet. Exklusive Motive, die Faszination längst vergangener, glamouröser Epochen, Eleganz und Raffinesse – das ist die Welt von Versace.

An enchanting garden in delicate pastel shades and an opulent diversity of blossoms, berries, insects and ornaments – all are combined by the Versace Milan studio to playfully symbolise a summer symphony. Exclusive designs, the fascination of glamorous epochs, elegance and refinement long gone by – this is the world of Versace.

Come allegra allegoria di una sinfonia estiva, l'atelier milanese Versace ha creato un incantevole giardino composto da delicati colori pastello e da una moltitudine di fiori, bacche, insetti ed ornamenti. Motivi esclusivi, il fascino di magiche epoche passate da lungo tempo, eleganza e raffinatezza – questo è il mondo di Versace.
